TO THE

# FARMERS OF VERMONT

It has incidentally come to my knowledge that you occasionally make complaints because of the small sums received for your Dairy skins. The fault is your own, for it you would take them off and properly care for them you would rarely find a skin that would bring you less than 50 cents, and a great many of them would bring you 60, 70 and even 80 cents each.

Poor skins, like poor butter, are poor property and bring a loan at this Bank if the paper offered came within the requirements poor price. It will cost you of the law and the rules of the Bank, nor has a single dollar ever been only a penny for a postal card on which to send me your ad dress, to secure full printed directions as to the proper fourth of the entire assets is loaned outside of this county. It is method of taking off and caring distinctively a Lamoille County institution and is run to foster and for your calf skins. I will very develop its interests. gladly mail these to you free postpaid, if you will send me your name and so request.

In most of the towns of Ver- lowed. At this rate, daily savings will accumulate as follows: mont I have buyers but in localities where I have none I would suggest that a half dozen farmers club together and ship their skins in quantities of 25 or more in which case I will pay all freights after delivery at R. R. depot. I cannot allow you wholesale prices in towns where I have a buyer but where I have none I will gladly arrange with any reliable farmer who is willing to solve by Davogists, or sent postpaid on receipt attend to the matter of collecting skins taken off in his vicinity, and in such case will of course allow the buyer's commission.
